Improve all your cement mixes for

50p
per sachet

Lime replacement

mortar mix

Makes mortar stronger, easier to use

IMPROVES WORKABILITY, DURABILITY AND RESISTANCE TO CALCAIRING, SCAFFOLDING AND RENDERING CEMENT MORTARS

Dosage: 1 Sachet per bag of cement

Concentrated additive

Powder mortar plasticiser

Improves site mixed concrete

concrete mix

Increase strength, easier to work

IMPROVES WORKABILITY, DURABILITY AND RESISTANCE TO CALCAIRING, SCAFFOLDING AND BLENDING IN THE CONCRETE

Dosage: 1 Sachet per bag of cement

Concentrated additive

Water reducing concrete plasticiser

Reduces water absorption

waterproof mix

Waterproof concrete, mortar & renders

DOES NOT CHANGE THE SETTING TIME OF CEMENTS. DOES NOT AFFECT CURING AND ABSORPTION IS REDUCED

Dosage: 1 Sachet per bag of cement

Concentrated additive

Concrete and mortar waterproofer

Improves durability

render mix

Reduce suction, improve application

EXCELLENT WORKABILITY, BETTER FINISH, IMPROVED DURABILITY AND RESISTANCE TO WATER EFFECTS AND IMPROVED DURABILITY

Dosage: 1 Sachet per bag of cement

Concentrated additive

Suction reducer and water resistance for renders

For quicksetting & frost work

frost & rapid mix

For quicksetting & frost work

IMPROVES WORKABILITY, DURABILITY AND RESISTANCE TO CALCAIRING, SCAFFOLDING AND BLENDING IN THE CONCRETE. IMPROVES FROST RESISTANCE DURING SETTING

Dosage: 1 Sachet per bag of cement

Concentrated additive

Cold weather work accelerator

Finish the job faster • Easy to mix • Save money • No waste • Reduces CO2
